

LET'S MAKE SLIME

1. Add $\frac{1}{2}$ c. glue into a bowl.
 2. Add color - just a few drops for a light color, or more for darker color.
 3. Stir to mix in the color.
 4. Add approximately 3-4 c. shaving cream into bowl.
 5. Stir in $\frac{1}{4}$ tsp baking soda.
 6. Add 1 TBSP saline solution and mix.
 7. Mix thoroughly and knead the mixture. This is when it turns into slime!
 8. ENJOY!!
- *Store in an air tight container.
